Services

Imaging

St. Francis Plainfield Health Center's imaging department is accredited by the American College of Radiology and provides the latest in imaging services. We offer general X-ray, ultrasound, bone densitometry and the most advanced digital mammography equipment available with the R2 ImageChecker. This sophisticated technology features a computer-assisted device that can aid in the early detection of breast cancer. All exams require a physician's order. X-rays are done on a walk-in basis; all other exams should be scheduled. Same-day appointments are available for most exams. Please call 317-837-4700 to schedule your appointment.

Hours: 8 a.m. to 4:30 p.m., Monday through Friday

Laboratory

Whether you have a new prescription from your doctor or have blood work done regularly, the St. Francis Plainfield Health Center offers comprehensive lab services with convenient hours. No appointment is required. For more information, please call 317-837-4700.

Hours: 7 a.m. to 5 p.m., Monday through Friday

Occupational Health

St. Francis Plainfield Health Center partners with many local businesses to ensure their employees receive the care they need to get healthy and back to work. We offer on-site wellness programs and health risk assessments and provide rapid treatment for injuries that occur at work. We also specialize in treating back and upper-extremity injuries such as carpal tunnel syndrome and tennis elbow. Our experienced staff can provide comprehensive, job-specific physical examinations, substance abuse screenings, hazmat physicals, fitness-for-duty evaluations, driver certification examinations and immigration physicals. Please call 317-837-4611 to schedule your appointment.

Hours: 8 a.m. to 5 p.m., Monday through Friday

Physical Therapy

Now you can receive quality physical therapy close to home. Our therapist will work with you and your doctor to provide personalized care in our state-of-the-art therapeutic gym or in a private treatment area. Among the wide range of services we offer are hands-on manual therapy and home exercise programs based on your specific needs. We also have a licensed physical therapist who specializes in treating conditions unique to women, including incontinence, pelvic pain and pregnancy-related musculoskeletal dysfunction. A physician's order is required for all therapeutic treatments. Please call 317-837-4700 to schedule your appointment.

Hours: 7 a.m. to 5 p.m., Monday through Friday
